Repositioning South China Air Network

Dear Valued Customer,

In view of the recent public assemblies at Hong Kong International Airport and the cancellations and delays of scheduled flights, we have re-positioned our south China Air network with additional capacities out of 3 major airports in Guangzhou (CAN), Shenzhen (SZX) & Macau (MFM).

We will continue to work closely with our carrier partners in South China to ensure capacity consistency and minimum disruption to our customer distribution to North America, Europe and Asia.
