Dwell time increase at Vancouver Terminals

Dear Valued Customer,

Due to vessel delays and the sudden surge of volumes into Vancouver terminals, all 3 terminals are currently experiencing congestion and backlog. As a result, dwell times have increased for rail moves, and vessel berthing delays will continue.

In these conditions, increased lead times are to be expected in the following weeks. We will continue to monitor the situation, track your shipments, and provide updates as regularly as possible.

Thank you for being a Valued Customer. If you have any questions, please do not hesitate to contact your C.H. Robinson commercial representative for further information.

Sincerely,
C.H. Robinson
