

C.H. Robinson Foundation Supports COVID-19 Global Response Efforts

Thursday, April 2, 2020

Giving back is at the core of who we are. As a team and as a company, we care about the communities where we live and work. Whether it's a walk for a cure, an event to pack meals, or a park that needs cleaning, we step up to help without giving it a second thought.

The health crisis gripping the globe right now is no different. C.H. Robinson is committed to making a difference year after year, and especially now, during the Moments that Matter.

We are pledging \$250,000 from the C.H. Robinson Foundation to support those impacted by COVID-19 and the organizations leading response efforts across the globe. The funds will be used to support:

- Hunger Relief: World Food Programme USA, Feeding America and Second Harvest Heartland to support relief efforts locally, nationally and globally
- Driver Assistance: St. Christopher's Fund to provide financial assistance to truck drivers
- Local Needs: Additional support of our current nonprofit partners who are experiencing increased demand for programs and services

"Simple acts of kindness, a resilient human spirit and the good work of so many make a meaningful difference, now more than ever. The C.H. Robinson foundation is steadfast in its support of these groups as they serve people in need around the world." - Angie Freeman
