

C.H. ROBINSON

Great people. Great causes.

20 Years of Support for JDRF Minnesota's One Walk

February 26, 2020

What started as a small group of C.H. Robinson employees has turned into the largest corporate team at the annual JDRF Minnesota's One Walk. More than 700 employees, family members and friends come together each February to raise money for research efforts, advocacy and patient support for those living with Type 1 Diabetes.

This year, as a company, we celebrated our 20th anniversary of supporting JDRF's One Walk and became the first corporate team to reach the mark of \$1 million raised for the event. The One Walk has become a favorite at our headquarters in Eden Prairie, Minnesota, and the success is truly driven by our people. Across the company, 16 teams, led by employee captains, compete to see who can raise the most money. The creative fundraisers ranging from pancake breakfasts to shaving heads raise money and bring colleagues together as they support a cause they are passionate about. Over the past 20 years, many advancements have been made for those living with Type 1 Diabetes, including new technologies to manage blood sugar levels and smart insulin pumps. At the event on this milestone year, the team celebrated a little bigger as they reflect on their efforts to bring us one step closer to a cure!

In addition to supporting JDRF, we also give back to more than 800 other nonprofits making an impact in their local communities around the globe. Last year, C.H. Robinson and the C.H. Robinson Foundation donated \$2.4 million to nonprofits and employees volunteered more than 10,000 hours to support the organizations and causes that our employees care about most.
