General Rate Increase (GRI) USA and Canada West Coast Ports to Asia and Middle East, Red Sea and ISC Ports

August 16, 2021

Dear Valued Customer,

The ocean carriers that provide service from the west coast ports of the United States and Canada to Asia, the Middle East, Red Sea and Indian Subcontinent have announced and filed a General Rate Increase (GRI) to the levels noted below. The effective GRI will be applied to all containers in-gated at the origin receiving terminal on or after September 15, 2021.

CH Robinson will continue to evaluate the market to ensure each customer receives the most competitive offering in the marketplace. These levels are pre-filed rates consistent with the ocean carriers to ensure FMC (U.S. Federal Maritime Commission) compliance. We will continue to monitor the market and levels to ensure our rates remain competitive.

To Asia: Port to Port / IPI and RIPI Points

LCL	20' Dry	40' Dry and 40' HC Dry
