Client Advisory

August 19, 2021

Eastbound Trans-Tasman Shipping

Dear Valued Customer,

Capacity to move containers from the East Coast of Australia to New Zealand has been under increasing pressure since the beginning of 2021. For the next 2-3 months we expect this situation to get tighter with carriers restricting bookings and/or diverting space on their Trans-Tasman service to move containers to support the disrupted Australian coastal services.

C.H. Robinson will continue to accept bookings and will work with carriers to secure as much space as possible to support customers. We understand all shipments are important, however, please make your C.H. Robinson representative aware of any shipments which are particularly sensitive as the more information we have to work with the shipping companies to secure space the better.

We will continue to look at alternatives to FCL container shipping such as LCL, Break-Bulk, & Roll-On/Roll-Off where these options suit the cargo-type and will discuss with customers as appropriate.

Thank you for being our Valued Customer. If you have any questions, please do not hesitate to contact your C.H. Robinson commercial representative for further information.

Sincerely,
C.H. Robinson
