## Meishan Terminal of Ningbo Port - Update

---

Dear Valued Customer,

Earlier today, Meishan terminal of Ningbo port (MSICT) has resumed gate-in/gate out activities. However, please note that estimated waiting time is averaging 3-5 days; additionally, gates are expected to open for export containers only within 2-3 days of corresponding vessel's ETA.

The terminal is expected to be fully operational by 1<sup>st</sup> September 2021. Carriers are working on tentative arrangements for those affected MSICT calls in order to ensure schedule integrity recovery. Our teams will continue to work with you to manage through the associated challenges to the best of our ability, minimizing the impact to your supply chain.

Thank you for being our Valued Customer. If you have any questions, please do not hesitate to contact your C.H. Robinson commercial representative for further information.

Sincerely,  
C.H. Robinson
